

The Pinkerton Regulators Kansas State Championship 2022 Schedule

We had the Kansas state shoot last year. I would genuinely like to thank everyone who attended. We will have it again this year at the same place, the historic Cowtown Museum. You missed an excellent shoot for those who could not make it. I am sure you heard our trophies are genuinely one of a kind. This year we are giving out T-shirts to the first 20 entries that will have their alias printed on them. This year at our banquet, we like to have a talent contest; please bring it with you if you have any talent. There will be a cash prize and trophy for first place. To find out what will be served at the banquet, please check out our Facebook page Pinkerton Regulators.
