TBD Main Match continues.

TBD Magnificent Seven

TBD Give away trophies, hug necks, go home.

**The Lester P Larceny Match**

Lester P Larceny was a shooter in the early days of CFDA. He loved the game, and he actively supported Shoot For The Stars. If you were at a match with Lester, he would pester you until he got a donation! Lester wasn't fast. His "wheelhouse" was to shoot between a 0.700 and a 1.000. That's where he shot, and he didn't apologize for it. Lester died several years ago, and some of us enjoy shooting Lester matches as a way to remember him and to make a little money for our scholarship program. We think you will too!

Here is how it works.

The Lester P Larceny match will be a 2X Hangman's format. Last man standing. The only shots that count for score will fall between a 0.700 and 1.000. Nothing else counts. EXCEPT. If you shoot slower than 1,000, no worries. If you shoot faster than 0.700, you owe the scorekeeper a dollar. So, keep all shots between 0.700 and 1.000 and you will be fine.
