# EDITORIAL

Is it just me, or did 2025 just start, and now here it is, already almost Christmas!

And believe it or not, but this is my 18th year of being the editor of the Gunslinger's Gazette! I remember it like it was yesterday. My dad, Quick Cal, said we were going to start doing the Gazette in house in a Newspaper style publication and asked if I wanted to be a part of it. I said sure, why not, how hard could that be. Next thing I know, he buys a publishing program and hands me this heavy 4" thick manual, and said here you go, you got 2 weeks to learn this. Easy as pie right? WRONG! HA! I was able to get the basics down, maybe accidentally erased some files, and took WAY longer to do things than it should have. But in the end we published our 1st Newspaper Style (black and white) Gunslinger's Gazette. It was definitely stressful, not to mention that I was pregnant with my first daughter "Sunshine". That's how I can always remember how many years it is since I started

working on the Gazette, I just have to think about how old "Sunshine" is, ha! But man oh man, has the Gazette come a long way since that first black & white newspaper issue. I have definitely learned a lot over the years, and even after 18 years of being self taught, I am still learning new things each time I work on the Gazette. So each issue is always an adventure and a labor of love for me! I hope you all enjoy reading it as much as I enjoy putting it all together.

And of course, The Gunslinger's Gazette wouldn't be what it is without the contribution of articles and photos from our members. We appreciate you all! If your club hosted a titled match in 2025, and did not get to submit an article yet, there is still time to get one into the NEXT Issue (Spring 2026), the deadline for that issue is February 1st. Please be sure to reach out with any questions.

Wishing you all a Merry Christmas and see you in 2026!

By: Quick Cal, Executive Director

I'm writing this column just a few days before Thanksgiving. I really have so much to be thankful for, God, Family, and Country are on top of my list. Because those three things make all other things that are good in life possible. Among them is having the opportunity that freedom provides us to choose our occupations and pursue the things in life that we love that leads to a meaningful, full and happy life. It's there, where we form relationships and build friendships that can last a lifetime.

Shooting sports have been my passion since 1968. I was a 15-year-old teenage kid, when my Father brought me to shoot with the Chicago Colts Fast Draw Club. The club was having weekly contests at a city-owned swimming pool in a downstairs locker room in Des Plaines, IL. Many of the friendships that my Dad made in that club lasted the rest of his life. There's something about the Sport of Fast Draw that builds a certain bond between those of us who dedicate ourselves to our sport, which took me years to finally understand.

Around 1981 & 1982, I realized Fast Draw was taking a steep decline, so I began pursuing interests in several other shooting sports. I tried Trap, Long Range Rifle, NRA Bullseye, and Silhouette Shooting, but finally settled on mainly Action Shooting Sports. I'm talking about sports like International Practical Pistol Shooting (IPSC); Steel Challenge; Bianchi Cup; Bowling Pin Shooting, and Soldier of Fortune (3-Gun), Cowboy Action Shooting (SASS), etc. I made numerous friends in those sports; some I still stay in contact with.

In 2002, Brad called and told me he was forming CFDA and asked for some advice in several areas. I really liked the direction he was taking with Cowboy Fast Draw and it gave me hope that Fast Draw had a chance to succeed again, which renewed my interest. I thought, maybe it was because Fast Draw was my "first love" in shooting sports. But then, I realized it was more than that. It was about the people that are drawn to Cowboy Fast Draw.

There's a bond that is created between fellow Gunfighters, especially in our sport! Cowboy Fast Draw is not just about speed and not just about accuracy. No one can win with pure speed; no one can win a match with

pure accuracy. It's the combination of both, that provides the depth of strategies that exist in our game. This makes Cowboy Fast Draw inclusive and attracts a wide range of abilities.

There's also another factor that doesn't really exist in the other shooting sports previously mentioned. Our Aliases are called over a PA System to come to the line to compete with fellow opponents in an elimination format, which is just not done in other action shooting sports. We bring our strategy to the line and put it all on the line. We shake our opponent's hand and wish them luck and we mean it. Why? Because, only people who do what we do, can truly begin to understand just how difficult our sport is. We try to do our best to perform the strategies that we practiced and let the chips fall where they may. Win or lose, we acknowledge each other's courage with a sincere hand shake. It's at that moment we have both earned and acknowledged mutual respect; **a bond that lasts is created.**

While we know that there will always be those among us that don't understand what I just wrote, we also know that they will either "get it" and embrace it or soon will lose interest and move onto other things. It's apparent that Cowboy Fast Draw is not for everyone. But for those of us who do "get it" we will remain dedicated to CFDA for the rest of our lives.

It's because of the folks that do "get it", I've chosen to dedicate a huge portion of my life. I'm also even further blessed to have the support of my family to share it with. **AND the best thing, many of you reading this feel the same way, and we're not alone!**

## **2026 CFDA New Member Recruiting Drive**

At our November Meeting, our Board of Territorial Governors approved an idea that Alotta Lead came up with, our 2026 CFDA New Member Recruiting Drive. You can read the details about it on our social media assets and in this edition of the Gunslinger's Gazette.

CFDA lost a significant number of annual members over the past 6 years. There has always been a turnover rate of annual members. A general rule of thumb is that about 1/3<sup>rd</sup> expire after one-year, 1/3<sup>rd</sup> renew for several years as long as they're shooting, and 1/3<sup>rd</sup> stay committed for life, for which a number of them become Life Members.

What caused this? 2020 & 2021 were especially hard due to Covid. 2021 – 2024 was the highest inflationary period in over 50 years; average prices on everything increased over 20%. Inflation hit the travel & lodging industry even harder; which increased over 30%! Many folks struggle to have the

discretionary funds to afford to travel to CFDA Titled Championships. This also affects those who commute sometimes hours each way to support club events. **It's time that we as a non-profit organization work together to build both memberships and clubs!**

**The CFDA 2026 New Member Recruiting Drive! Here's the Twist!!!** For every new member you as a member of CFDA sign up, you earn a ticket for a drawing for some very cool prizes at the end of 2026! **This also counts if you bring back an expired member, if they have been expired for more than two years.** So, give a call to a friend or family member that hasn't been active for a while and invite them back!

**Just Think!** If we all just sign up one New Member, or get an Expired Member to renew each year, we can double the size of CFDA, each year!

**Clubs Can Get Points Towards Golden Spike Awards Too!** Please see the information on the Flier that is now both online and featured in this issue. ***Clubs are the very foundation of CFDA!*** Recently, I updated two articles in the Clubs Download Section on our website, ***"How to Form a CFDA Affiliated Club" & "How to Build a Successful CFDA Club."*** I suggest everyone who is interested in forming and/or building a club read these articles!

## **2026 is Right Around the Corner**

I look forward to the year beginning with our National & Florida State Championships being held in St. Augustine. I know that the Florida Clubs and Members are all working together to put on a great event! It'll be our first National Championship held East of the Mississippi River. If you haven't made plans to attend yet, I hope you do. Can we pull 200 Shooters to not only a National Cowboy Fast Draw Championship, but to one of the most interesting venues in our nation? St. Augustine, FL (***The Oldest Continuously Occupied City in America***) is certainly worth putting on your bucket list of places to visit!

Then, it's off to the Texas & Oklahoma State Championships in March, as our season begins its full 2026 Schedule, we are seeing an increase in our Titled Championship Schedule this year, for the first time in a few years.

So, after the Holidays, tune up your equipment, practice up and we'll see you on the firing line! Have a Merry Christmas & Happy New Year! Hit'em Fast!

**Y**ou know when Fall has arrived, when you need to slip on a light jacket in the morning! Northern Nevada weather is cooling off, and the showcase of colors has come alive! With this change of weather, comes time to put the garden beds into deep sleep until early spring. We have an amazing harvest of goodies this year, & I canned or froze everything that would be suitable for canning or freezing. Now comes the picking of all the remaining the veggies off the vines and pulling out the plants....let the clean up the garden beds begin....I love this time of year!

**What a fantastic year for CFDA!** Some of the best Sanctioned Titled Championships were held around the country lending to the Top Hand Points, and new champions everywhere! A lot of happy faces across the country.

Next year for 2026, we already have in the books a record number of CFDA Sanctioned Titled Championships lining up, and that's only the beginning! We have several back on the books that didn't happen in 2025, and some brand-new Titled Matches new to the line up! Check out the list of 2026 Sanctioned CFDA Titled Championships! Make your travel plans to attend as many as you can.... You'll have more fun than you'll know what to do with!

**BIG Announcement!** We have a new "contest" coming onboard for 2026. It's called the "CFDA MEMBER Recruiting Contest". Every new member that brings in a NEW member for CFDA, they'll receive a "Ticket" to be put in the drum for a drawing at the end of the year & to win some amazing prizes. *That's a ticket for every new member you bring in....whether it's 1 new member or 30 new members.....* The more new members you bring into CFDA, the better your chance of winning some great prizes.

We'll post a running tally through the year of the name of the member & their recruitment number until the end of 2026. Not only is this exciting for the members, but also your club will get credit as well and help with the Golden Spike Award for the most

new members it! It's a huge WIN-WIN for all! It's going to be fun!

**CFDA 2026 Club Affiliation** paperwork has been coming in at record pace. This is one of the busiest times of the year at CFDA Headquarters. In years past we would often have to work through the holidays. This year the CFDA Board of Governors voted to apply a \$50 Late Fee for any Affiliation Agreements received after December 1st, since we emailed them out on October 15th. Of course there will be some that are late, maybe they'll just remember to get them in on time next year.

We actually do a lot of work on them and return them to clubs with accurate membership numbers and expiration dates. Plus, we have to prepare and submit the annual membership reports to our insurance company.

**The Holiday Season is approaching fast.** Please check out the QC Gunslinger Emporium for all those stocking stuffer & gift ideas. There's a lineup of apparel for both men & ladies. Do you need a gift for someone special? Timer, Target, and Laser Target Packages, Full Lane and Multiple Lane Set-ups, the Emporium has it all!

Just order at GunslingerEmporium.com or call Jackie Daniels directly, Monday - Thursday 8:30 - 4:30 (West Coast Time). Jackie Daniels is Extension #1 & Quick Cal is Extension #3. If you want to talk about Clubs or Events, I'm Extension #2.

**In closing,** again it's been an amazing year for the sport of Cowboy Fast Draw -NPO. Not only is it the most fun game out there but the future for CFDA is so amazingly bright. A lot of CFDA clubs are now holding their annual fun matches; Halloween Spook Shoots, Turkey Shoots for Thanksgiving time

and Christmas Time matches as well! This is why this sport is so much fun. The activities, camaraderie, getting together with the people you truly want to hang out with. Family, Friendship, Faith & Fun! Let's keep it going for generations to come, bring in new members, especially young people who are on the edge, once they try it, they're hooked, join the sport and love it! Families are joining in. New clubs are popping up, and sanctioned events are lining up like soldiers. 2026 is going to be an amazing year for our sport. Get involved with your club, volunteer, recruit new members and see what you can do to make a huge difference & make it the best it can be!

Here's to Wishing everyone a **Happy Thanksgiving** a very **MERRY CHRISTMAS** & a Safe, & Happy, *rootin' tootin'* **NEW YEAR!** See you down the CFDA 2026 Trail!!

THE SUNDOWNERS CLOSE OUT THE 2025 CFDA SEASON AT

# U.S. NATIONAL

By Huckleberry Honey

**O**roville, California - First and foremost..... on behalf of The Sundowners, Fowl Shot, Huckleberry Honey, Ol Buck'r, Night Hawk, Lefty Lipscomb.

- We

would like to THANK each and everyone of you that attended, participated, donated, sponsored, or purchased at our farewell to the US National Championship (until next time). We had a great time visiting with you all, and seeing the camaraderie that the CFDA family has is unbelievable. Thank you for spending your time and your hard-earned money on travel expenses on a gamble you may win some money or a prize. We all know we're never going to walk away richer than what we walked in with. So, with that - always make the most of every shoot you attend, and have a fun time!!

We started the U.S. Nationals off with a BANG as Fowl Shot blasted off his 10 Gauge 1800's shotgun that boomed overhead. We went through the pledge, prayer, and safety meeting, then went off to our designated ranges for a fun day of Categories. When the categories came to an end, everyone headed inside to see the Top 5 of each category awarded.

Then time for more fun!  
Frontier Bob, Smokin'

Joe, CoCo  
Bandit,

Montana,

Rossow, and Fowl Shot ran Frontier Bob's Stagecoach Shootout on Range B. A lot of fun with a shotgun. Using

a wax bullet and a shotgun, you must

hit two targets and have the fastest time. Special old-time trophies went to our winners ~ Ladies Winner with a .488 was Bandana Kid, with honorable mention to Emberly with .756. Men's Winner with a .365 was Stampede, with honorable mention to his younger brother, and much of a rival - was Ry- Dog Jones with a .368. These two brothers went back and forth with the fastest times and finally dropped the white flag. \$785 was raised to CFDA - Nonprofit, and an organization we all have a hand in.

While the Shootout took place outside on Range B, inside on Range A, an instructed Sip N Paint and a Pumpkin Carving Contest were underway. So many fantastic paintings were done by 25 artists, and outstanding carvings by 4 young carvers. While there was no 'Best Artist' Award, there was an award for the "Best Pumpkin Carver" and that was awarded to Lil Downtown!

On Saturday, the U.S. National Championship - the main event began. The ladies and men shot down to the Mag 7 seeding including all shoot-offs for proper placement - 140 shooters and 4 ranges, we got'er done. This was only possible due to the behind the scenes Scoring Team, Wild Shot & Bean Counter, and all those who run the ranges as volunteers, announcers, score keepers, and runners doing what they could to keep the event moving strong. Thank You!!

Saturday evening Range A had a costume change and was made into a

This year The Sundowners, with the support of all who donated and purchased – are turning in \$4080 to Shoot for the Stars, plus more coming from the CFDA Cookbook sales over the year, and \$5435 to CFDA. # 2025 IDAHO STATE

## CHAMPIONSHIP OF COWBOY FAST DRAW

### CELEBRATING 20 YEARS!

TIME FLIES WHEN YOU'RE HAVING FUN!

By Curley Calhoun

### CLINT RENO AND LEFTY LIPSCOMB TAKE TOP HONORS TO BE NAMED THE 2025 IDAHO STATE CHAMPIONS

*Nestled in the mountains about 30 miles north of Boise sits the old mining town of Idaho City, established in 1862. With this establishment, the Gold Rush of the Boise Basin came to life bringing in more gold than the California and Alaska Gold Rushes combined! By 1864, Idaho City would*

*become the largest city in the Pacific Northwest. As with many mining camps, Idaho City was a raucous place and crime was rampant but conditions improved with the influence of women and the establishment of churches and a school. Idaho City endured four disastrous fires during the 1860's and 1870's. Despite the devastating loss, many of the city's brick buildings survived and a few are used as the courthouse and county buildings today.\**

*In 2003, Blackjack and Curley Calhoun opened Growling Bear Outfitters, a sporting goods store, in one of the original buildings on Main Street in the heart of Idaho City. Tourism was big at this time and the two of them, along with Blackjack's family (Fannie Mae, Huckleberry Honey and little Sweet Pea), held a little gunfight show on Main Street and soon a few other merchants joined in. Then, in 2004, while Curley was at home laying on the floor, worn out from being shot down in the streets wearing full cowboy gear in 100-degree heat, a TV commercial came on advertising the U.S. Nationals of Cowboy Fast Draw. It was being held right here in the Treasure Valley. Whoa! Hold the horses! He took down the information and reached out to learn more. Curley soon received a reply from Chucky, the owner and publisher*

*of Shoot! Magazine. They spoke and days later Chucky showed up in Idaho City with a guy all dressed up, looking the part, by the name of Cactus Tubbs. Blackjack and Curley sat down with them and hammered out some plans for Blackjack and Curley to provide the shooting range and Chucky and his crew to provide the supplies, targets and timers. The CFDA club, the Idaho Shootists, was born and ready to shoot. After a few months of Town Folk Alleys (now called Come Try Cowboy Fast Draw) in Idaho City and matches in Shoot! Magazine's warehouse in Boise, we had over 40 shooters and were traveling to South Dakota to check out and compete in their State shoot and the World Championship. To say it was cool would be an understatement for sure. After returning, the club was buzzing and decided to hold our own state championship. What a turn out! We had people from all over show up, including SD, AZ, NM, NV, OR, UT and CA. Seriously, some of the legends of Fast Draw graced our event with their presence. Some of them had been shooting since the 1950's and some are still shooting today. Cowboy Fast Draw grew tremendously in Idaho over the next few years and clubs sprang up throughout the state with the Treasure Valley Gunslingers down in the valley, the Snake River Gunslingers in the Magic Valley, the Eagle Rock Outlaws over in eastern Idaho. Soon after forming, the Treasure Valley Gunslingers assisted the Snake River Gunslingers in hosting the first Great Northwest Territorial in 2009. Idaho is proud to have continuously hosted the State and Territorial championships and for nine years also hosted the U.S. Nationals. Idaho is extremely proud to be amongst the first to help set championship standards.*

**I**t's now 2025 and the Sawtooth Shootist Society is continuing the Idaho Cowboy Fast Draw legacy by holding the 21<sup>st</sup> consecutive Idaho State Championship.

This brings us to this year's Idaho State. Here we are at Mountain Air Ranch right between

Boise and Idaho City, gateway to the Sawtooth Mountains. RVs and campers are rolling in and filling in the west pasture. The ranges are awaiting almost 100 gunfighters from near and far. Fall is in the air with crisp mornings but the coffee is hot and the Bolton Brothers have hot breakfast calling to the early risers. As

the day breaks, the Sawtooth Shootist Society is ready to kick off the Show Me the Money Jackpot. Bang! And we're off and gunnin'. The match goes off without a hitch. Congratulations to Lefty Lipscomb and Gambler, the Show Me the Money Jackpot champions!

In case that wasn't enough fun, after the Jackpot it was time for Quick & the Dead which is always a crowd pleaser. After a couple hundred misses, a few hits and plenty of laughs, Ry Dog Jones proves that fast is fine but accuracy is final, taking the top spot followed by Butch Cassidy in 2<sup>nd</sup> and Little Lady capturing 3<sup>rd</sup>. To close out the evening, we had a pizza party and enjoyed each other's company until dusk.

On Saturday morning, opening day for Idaho State, Curley started the shooter's meeting by handing out some club trophies and special recognition awards. This year's Top Hand awards went to The Texan and his lovely wife, Spirit Bear, and Ms. Hettie. Our thanks go out for everything they do for our club. Next, Curley handed out a couple of special recognition awards with the first going to C&R Wax for sponsoring Idaho State for 20 years with quality wax. The second award went to Ms. Hettie, our own little baker extraordinaire. She not only bakes good stuff for club matches

each month (approximately 10,364,148 calories), but each year she also bakes some amazing desserts for the live auction during the championship match. The last award went to Gunpowder Puff for being the 20<sup>th</sup> entry into Idaho State! She received her entry fee back but, true to form, she donated it back to the club. The meeting was then finished up with the safety meeting, Pledge of Allegiance and prayer.

The excitement was building as the gunfighters were ready to shoot. The scoring team was ready on time and shots rang out across the canyon. The first four rounds are always extra exciting with Cool Cash being at stake. What is Cool Cash, you ask? Show up in 2026 and you'll experience it first-hand. This year, we had a record number of 20 shooters earn their share of the \$500 bounty. Pretty cool since we were celebrating 20 years! Well, we shot down to the Magnificent 7 and prepared to settle in for dinner. Once again, Grubbin' BBQ brought their "A" game and the shooters feasted. The silent auction

closed and man, what a great variety of gift baskets, art and other goodies that were available for grabs. After dinner, Curley kicked off the live auction with one of the main attractions being a trademark denim quilt created for the anniversary by Chrysanthemum and Sawtooth Sweetie. The funds for the quilt went to Shoot for the Stars. Curley must be the worst auctioneer ever but even so, along with Old Drifter's poker night, almost \$4,000 was raised for Shoot for the Stars, Happy Trails Children's Foundation and the club. The evening was in full gear with Old Drifter's poker game and others enjoying R Rockin Bar with laughter and B.S. as deep as the barstools.

Sunday starts off really crisp, so Curley lit up the fire pit drawing in early risers to huddle with their coffee and Bolton Brothers' breakfast. The sun finally peaked above the ridgeline and shots were fired as the Bracket Match took off. With two brackets per range, it didn't take long to settle up. The Deputy Bracket was won by Idaho Joe followed by Drifter in 2<sup>nd</sup> and 3<sup>rd</sup> going to Bean Counter. The Sheriff Bracket champion was Rondo. No Name took 2<sup>nd</sup> place and Buckwheat James earned 3<sup>rd</sup>. The Gunfighter Bracket was led by Lefty Lipscomb with Underdog close behind in 2<sup>nd</sup>. Deadeye Dixie took home 3<sup>rd</sup>. The top spot for Master Gunfighter was Stampede. Desert Dingo hung in at 2<sup>nd</sup> and QC Carver landed 3<sup>rd</sup>. It's almost noon so let's get settled in for the finals.

We started the finals with the Youth. With only three Youth shooters this year, it didn't take long.

Ruby Roundhouse from ID faced off with Six Gun Shelbs from NV. Six shots later, all in the mid-5s, Six Gun Shelbs prevailed and moved on to face the top seed, Sniper from ID. After a couple of misses, Six Gun Shelbs hit three in a row, beating Sniper and earning the cat bird seat. Now Sniper and Ruby Roundhouse battle it out. And even with four hits in the 6s, it just wasn't enough for Ruby Roundhouse to beat Sniper's low 5s, putting her in 3<sup>rd</sup> place. The stage is now set for the final Youth showdown. But was it? Shiper quickly put three out of five winning hits on the target, letting him stay in the game. They swapped lanes, the nerves sank in and the battle went back and forth until Six Gun Shelbs finished it off to win the Idaho State Youth Championship. Hats off to the youth for their show of skill and sportsmanship!

Next up is the Ladies and what a lineup of ladies from AZ, NV, CA, TX and ID. To get it rollin', Snow Tiger (ID) shoots against Southwest KC (AZ) and, after four shots, Snow Tiger takes the bout. Gunpowder Puff (CA) steps up to accept the challenge and after taking it two-to-two, hit a .523 to move on. This brings up Deadeye Dixie (ID) and once again going to two-to-two, G. Puff takes the win. Southwest KC and Snow Tiger were shooting for 7<sup>th</sup> place or to stay in the game. After

another two-to-two bout, Snow Tiger prevailed and Southwest KC took 7<sup>th</sup> place. Back on the "clean" side of the range, KK Kid (TX) stepped up but G. Puff, still hittin' the heck out of the target and speeding up to the high 4s, wins the bout. Deadeye Dixie was sent over to challenge Snow Tiger, who was also hittin' very well but just didn't have the speed to keep up with Deadeye Dixie's hits in the low 5s. Snow Tiger took 6<sup>th</sup> place. Philippines Red (NV) now steps up to challenge G. Puff and quickly put on her first three shots to win (where's Cool Cash when you want it?) and sent G. Puff over to the 1-X side. Meanwhile, KK Kid and Deadeye Dixie are battling it out. KK Kid put three hits on in the low 4s with her long gun, putting Deadeye Dixie in the 5<sup>th</sup> place spot. Whoa, it's really heating up now. Our top seed, Lefty Lipscomb (ID), comes to the line after watching the other ladies battling it out. Philippines Red takes the bout two-to-two and then wins to sit in the catbird seat. Over on the other lanes, KK Kid and G. Puff are in a rematch but KK Kid is on target with some more mid-4s, putting G. Puff in 4<sup>th</sup> place. Lefty Lipscomb steps over to challenge KK Kid, both wanting to stay in the match and challenge Philippines Red for the championship. KK Kid starts it off with a .435. Lefty Lipscomb answers with a .466. Two more low 4s from them both took it to two-to-two. Lefty Lipscomb finished it up and sent KK Kid home in 3<sup>rd</sup> place. Now, with Lefty Lipscomb feeling like she has some unfinished business, she lines up next to Philippines Red. Lefty Lipscomb, still in mid-4

mode, took the win over Philippines Red's four hits in a row and they swapped lanes. Philippines Red hit four more shots but was just not fast enough for Lefty Lipscomb's mid-4s. Lefty Lipscomb wins her fourth Idaho State Championship! Congratulations to Philippines Red on her stellar performance earning her 2<sup>nd</sup> place!

Boy, as if that wasn't enough, the men have been waiting patiently (kind of) to get their shoot off started. The men's Magnificent 7 had competitors from CA, NV, ID and OR. We start with Crosswired (OR), our 2023 Idaho State Champion, challenging Old Drifter (CA). After six shots, Old Drifter wins with some low 4s. Next up is Ambush (ID), who moves Old Drifter over and proceeds to layout some 3s, moving Old Drifter over to take on Crosswired again. Ambush welcomed Gambit (ID) to the line and after the two battle two-to-two (woohoo!), Ambush finishes with a .377 to take the win. On the 1-X side, Old Drifter prevailed and sent Crosswired home in 7<sup>th</sup> place. Buckwheat James, a great hitter from eastern Idaho, steps up but Ambush was on a roll (like butter and cinnamon) continuing with hits in the mid 3s to take the win. Back on the 1-X lanes, Gambit and Old Drifter are trying to stay in the game. Old Drifter hits four in a row to put Gambit in 6<sup>th</sup> place. Clint Reno (CA), the Patriarch of the Elliott boys, slides into the competition and quickly puts Ambush in his place by connecting with four hits in a row in the mid-3s. Meanwhile, Buckwheat James and Old Drifter are trading hits. Old Drifter takes the win and sends Buckwheat James home in 5<sup>th</sup> place. We have now reached our top seed, Quick Cal (NV), who was hitting well all weekend. He sauntered up to take on Clint Reno

for the catbird seat. After five shots, Clint Reno wins the decisive bout and steps back to settle his nerves while he watches to see who'll be coming back to challenge him for the championship. On the other lanes, Old Drifter and Ambush battle to two-to-two and then Old Drifter hits his fourth shot to win and send Ambush off the line in 4<sup>th</sup> place. Quick Cal wasted no time choosing lane 3, putting Old Drifter on lane 4. Both shooters hit three out of four, but with Quick Cal being just a bit quicker, he put Old Drifter out in 3<sup>rd</sup> place. What a run Old Drifter had! Both Quick Cal and Clint Reno are now on center stage with Quick Cal having so many championships, it'd take a while to count them all, and Clint Reno looking for his first. With lane choice, Quick Cal stays settled on lane 3 and hits four in a row but Clint Reno was battling for that title, taking the bout to two-to-two. Sudden Victory! Everyone is watching...will we swap lanes and do it again or will it all be over and in the record books? Clint Reno hits a .360 capturing his first championship title! Congratulations to Quick Cal on a great showing taking 2<sup>nd</sup> place.

The Sawtooth crew have the trophy table set up and Curley begins calling out the people to be recognized. We really had a lot of winners this year. In addition to the 20 Cool Cash winners,

No Name won the 50/50 pot and Risky Dame and Reno Dean won the gun drawings. There were many silent and live auction winners as well. It's 2:45 p.m. and we're all done.

But wait, we weren't quite done yet. That Monday, Labor Day, some of the shooters gathered up at Idaho Sporting Clays, one of our sponsors, and had a blast (literally) shooting sporting clays. Some of the shooters had never even fired a shotgun before and, in no time, the dozen shooters were bustin' clays and puttin' holes in the sky, all in good fun. Halfway through, we gathered at the clubhouse and enjoyed a hot lunch, arranged and covered by the Sawtooth Shootist Society, and then hustled back out to the course to finish up. At the end, Gambler handed out a few cool awards, crafted by Wild West Woodcraft, to the newbies in

the shape of a clay target. Finally, we all said our good-byes and are looking forward to doing it all again next year so bring your 45's and shotguns.

We thank everyone for coming and look forward to seeing you all next year as the Sawtooth Shootist Society will host Idaho State and the Great Northwest Territorial together over Labor Day weekend 2026.

Your friend,  
Curley Calhoun

# 2025 KENTUCKY STATE CHAMPIONSHIP

BY SHANE

**B**eaver Dam, Kentucky - The 2025 Kentucky State Championship of Cowboy Fast Draw is in the books and what a great shoot it was. We had 77 competitors from 20 states to show up to compete for the Kentucky State Championship, 22 ladies and 55 men.

We had a great turn out of club members on Labor day to start setting up the ranges for the state shoot. By the end of day one we had two ranges set up and ready for the electronics. The weather was near perfect, a little warm and a sprinkle of rain at times, a little wind on day two kept blowing the backstop into the targets and knocking them over.

Those who arrived on Thursday September 4<sup>th</sup> got to shoot in the Early Bird Charity Match. We started off with 29 competitors shooting in the early bird shoot. A total of \$600 was raised from this match for the Ohio County Veterans Honor Guard. QD Kate from Alabama took 1<sup>st</sup> place for the ladies, WildFire 2<sup>nd</sup>, Ms Cisco 3<sup>rd</sup>, Gun Shy 4<sup>th</sup>, Sassy Sparrow 5<sup>th</sup>, Hold on Julie 6<sup>th</sup> and Jane James 7<sup>th</sup>. Green River came in 1<sup>st</sup> place for the men, Run Fat Man Run 2<sup>nd</sup>, The Smoke Wagon Kid was 3<sup>rd</sup>, Shane 4<sup>th</sup>, Johnny James 5<sup>th</sup>, Buffalo Joe 6<sup>th</sup> and Long Colt 7<sup>th</sup>.

Several door prize's were drawn with Appalachian Outlaw winning the gun for getting his registration in by August 1<sup>st</sup>, and Ladybug winning the Knife and sheath made

by Green River and Shane. Everyone at the state shoot walked away with a door prize. 8 rounds were completed by around 3:00-3:30. The Banquet was voted out a couple of years ago so after the days match everyone went to their favorite restaurant and had a good time with friends.

Sunday morning church was held by Rowdy Rog. After church the main match continued while the resurrection got under way. For

the Ladies Pistol Pearl was 1<sup>st</sup>, Ima Hoot 2<sup>nd</sup> and Sunset Rose was 3<sup>rd</sup>. For the men, The Governor took 1<sup>st</sup>, Virginia Ranger 2<sup>nd</sup> and Corinda 3<sup>rd</sup>.

- \*3/4 cup grated Parmesan cheese 1/4 cup milk (either low fat but whole is the best)
- \*1 teaspoon salt & pepper to taste

How to Make It

## CFDA FIRST AID VOLUNTEERS GUIDELINES

By: Quick Cal

It all began a few years ago when Wench asked to place a Marshal's Muster Agenda Item with an idea of organizing Emergency First Aid Volunteers. The U.S. Marshals voted to proceed with such a program. About a year ago **Bigfoot** (L3037) stepped up and volunteered to lead the effort, for which he was appointed **Program Director**.

**Bigfoot** is a retired law enforcement officer who has served as a Medical Trauma Responder. He gathered a team consisting of his wife, **Dazzlin' Daisy** (L3038) who recently retired as a law enforcement officer to help with research and author the program, and **Otto Matic** (L3054), a retired Firefighter Paramedic. Together they created the first-draft of the program and

offered it to CFDA.

It is now approved by the Board of Territorial Governors and known as the **CFDA First Aid Volunteers and Match Director's & Range Master's Guidelines**.

We are looking for two levels of volunteers within this program.

**First Aid Level-** With past or present First Aid and CPR Training and /or Certificates, who would be willing to help, when a Match Director asks for volunteers for Emergency First Aid assistance for any CFDA Event. CFDA has temporary CFDA First Aid/Medical Emergency ID Cards that Match Directors can request from CFDA, that are handed out temporarily and turned back in, then returned to CFDA.

**Advanced Level-** Such as former or current Professional Paramedic/EMT, Medical (Doctor/PA/Nurse), Military, or Law Enforcement with Emergency Response Training. They can apply for a permanent "A" CFDA First Aid/Medical Emergency ID Card and can be of assistance at any CFDA Event.

**Important!** It's important to know that volunteers are NOT covered by insurance. However, they can lawfully offer their assistance under "The Good Samaritan Laws", that exist, but may vary, from state to state.

I suggest that all interested members, Match Directors & Range Masters read the entire 2-Page - **CFDA First Aid Volunteers and Match Director's & Range Master's Guidelines**, you can find it at: CowboyFastDraw.com, go to the Rules, Regulations & Guidelines, then scroll down to CFDA First Aid Guidelines. Match Directors & Range Masters should read this since they are engaged in part of the procedures.

If you're interested, please go to **Facebook and find CFDA First Aid Emergency Response Team – Private Group** and request to join. Bigfoot, monitors posts from members of the group. You can request for consideration to place your name as a volunteer. He will respond and probably have some questions regarding your level of training.

# 2025 GRAND TETON GUNFIGHTS

BY RENEGADE

**I**daho Falls, Idaho- The Eagle Rock Outlaws held their 15<sup>th</sup> Annual Grand Teton Gunfights the first weekend of August 2025 and it was a great success!! Every one of the 49 shooters received a shooters bag filled with lots of goodies provided by our generous sponsors!! Pre-registration started early Friday afternoon as shooters arrived. Dangerous Dave was checking guns & holsters for those getting ready to practice when we opened the ranges at 3:00. Our "Sponsors Appreciation Event" started at 5:00 and ran until 8:00. We had a few new shooters give it a try and they had a great time! Thanks to the shooters that helped with holstering, safety orientations and hand judging these "potential" gunfighters!! The Eagle Rock Outlaws was presented a beautiful engraved bench made by Buckwheat James and Twin Peaks, it looks great on the range.

Saturday morning arrived and the last few shooters arrived and signed in while our food vendor, Alridge Eats, prepared breakfast burritos, bowls and hamburgers. The silent auction bidding and raffle ticket sales for the single action revolver continued from Friday evening with shooters and spectators bidding and buying everywhere! At 8:15 we recited the pledge of allegiance, played the National Anthem and had a prayer from The Bucknay Kidd. Then we

had a roll call, safety meeting and group photo. At 9:00 a.m. we called shooters to the line and started the Main Match!!

Our traditional "COME TO SHOOT" format went well with the Men shooting on Range A and the Youth and Ladies on Range B. Many volunteers helped run the range, keep score so there was never a delay between rounds! After the first round we held our Early Bird drawing and Renegade, Crimson Coyote and Iron Rose won their choice of prizes! Then since the first deck of cards were sold, we drew the winner of the gun. Bad Brad won and had a choice of 4 guns and with the help of his wife, he chose the New 4 5/8 Ruger Vaquero! We continued the main match and drew door prizes throughout the day, finishing 8 rounds by 3:00 p.m. This gave the shooters some time to bid on silent auction items before the auction closed. Many got great deals on the items donated by our generous sponsors!

At 6:00 p.m. we held a potluck dinner at the range with chicken donated by one of our sponsors and cooked by Bam Bam and Twin Peaks with side dishes and desserts brought by other shooters. With great food and time to visit during dinner, there was lots of laughs. Afterwards, Old

Drifter hosted his poker game, and for the first time ever, he WON!! \$380.00t was raised for the Shoot for the Stars Scholarship Program so the Eagle Rock Outlaws rounded it up to \$400!!

The sun rose on a beautiful Sunday morning and we had the Pledge, a roll call and a short shooters meeting. Then we put 2 bracket groups on each range and began the 2-X Last Man Standing Ransom Shoot! The top three in each bracket won money. Once we finished the Ransom Shoot we took a short break and since the second deck of cards sold out we drew for another gun with Uncle Jed winning this time and he chose the 7 1/2" Ruger new Vaquero!! Then we drew out the winners for our 3 raffle prizes!! Spitten Kitten won the Cabela's Camp Stove, Ubet & Nevada Belle won the engraved "Grand Teton Gunfights" Ruger 10-22 rifle donated by Chaos-N-Mayhem and Kelly 2 Guns won one of the 2 "DOH" Holsters donated by Ranger Reeves, the second holster was won by a new shooter on the silent auction. Congratulations to all of our winners!!

# WHAT IF?..

By Bisley the Kid

Marshal Virgil Earp's "What If" Could Have Changed History Forever. And The OK Corral Gunfight Might Have Never Happened...

When we look back and study tragic events that have occurred in our past which we wish had never happened, you may sometimes wonder about the proverbial "What If". "What if" something different could have taken place prior to the tragedy that could have changed history forever. For example, "What if" one specific person had not been there just in time to stop a situation from taking place that would have prevented a future catastrophic occurrence with its history changing results but yet would adversely affect that same specific person for the rest of their life.

Such is a "What If" case with the infamous Gunfight at the OK Corral in Tombstone, Arizona on October 26, 1881 involving members of the feuding Clanton and Earp families

It is well known that there was a bitter "no love lost" rivalry between the Clantons along with their ranch hands known as the "Cowboys" and the Tombstone lawmen Earp brothers as well with Doc Holiday.

In the 1880's, the Clanton Gang as they would become to be known were wrecking havoc in the southwest Arizona Tombstone Territory with their cattle rustling, armed holdups and even murder on both sides of the U.S.-Mexico border.

Ike Clanton was known to be a heavy drinker and quite the

braggart with a quick temper, much to his own future demise. And so here is where the "What If" of this story comes into play.

An ambitious Wyatt Earp was in pursuit of quickly moving up the ladder ranks of his lawman career. He thought if could arrest those who committed the robbery of the Benson Stage on March 15, 1881 resulting in the murder of the driver and one of the passengers, that bringing these robbers to justice would help his cause. On June 2, 1881, Wyatt was to have said that he offered Ike Clanton the Wells, Fargo & Company reward money if he would get him information that would lead to the arrest or deaths of the vicious men responsible for the stage robbery. Ike was having second thoughts about this arrangement with Earp especially if word got out of his betrayal to his fellow outlaws.

This indecision of Ike Clanton may very well have come to an abrupt end in the morning of June 9, 1881 on the streets Tombstone, Arizona where Deputy Marshal Virgil Earp's perfect timing may not have been so perfect in that it may have changed history, much to his own and his brother's future dismay.

Ike Clanton and gambler "Denny" McCann, (most likely a distant relative of this author), would have a "What If" encounter that did not but most assuredly could have rewritten history.

As reported on June 9, 1881 in the Daily Epitaph Newspaper:

**"What came very near being a serious shooting affray was prevented yesterday morning by the coolness and intrepidity of Virgil Earp, acting City Marshal. Ike Clanton, well-known in the San Simon and San Pedro valleys, and "Denny" McCann, a sporting man, had a difficulty in an Allen street saloon, when the latter slapped the face of the former. Clanton went out and heeled himself, and "Denny" did the same. They met in front of the Wells, Fargo's office about 9 o'clock and both drew their guns about the same**

*Gambler "Denny" McCann sitting in the center of the table with the straw hat*

**time, when Earp stepped between them and spoiled a good local item. They are both determined men, and but for the interference of the officer, there would doubtless have been a funeral, perhaps two."**

For had Virgil Earp not gotten wind of the forthcoming gunfight and put a stop to it before the triggers were pulled and the bullets fired, Ike Clanton's life was more than likely spared as Sporting Man "Denny" McCann was known to be quite adept at handling his Colt 45 revolver. Ike Clanton always talked a bigger game than he could back up and would have for sure been lying mortally wounded on the ground with a bullet in him from McCann's gun.

So in reality, Virgil Earp's perfect timing did alter the future lives of his brothers, Doc Holiday as well as his own. If "Cowboy" Ike Clanton had indeed been shot dead on the morning of June 9, 1881 in the streets of Tombstone, Arizona, the Gunfight At the OK Corral would surely never have happened and history would have been changed forever.

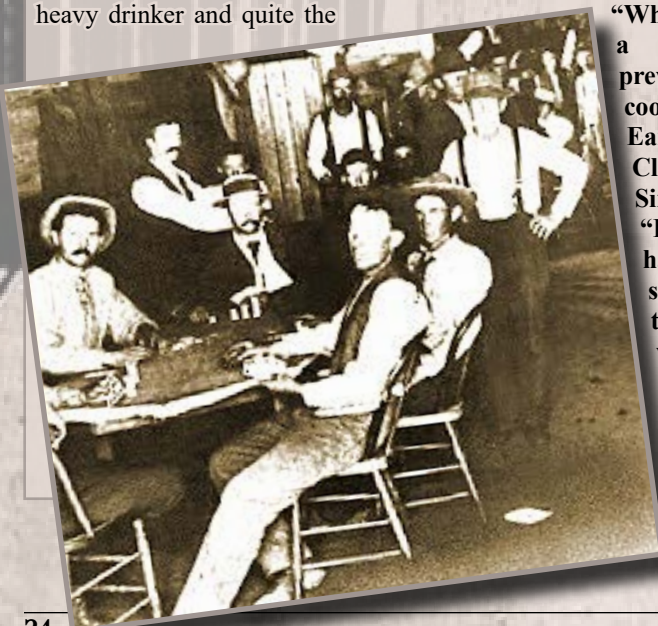

Ike Clanton would not have been alive to instigate the riled up "Cowboys" leading up to the famous gunfight. Morgan Earp would not have been later ambushed and murdered. Virgil Earp would not also have been severely wounded and left with a lifelong disability. And Wyatt Earp and Doc Holiday may not have become the Wild West legends they eventually became.

Unfortunately, all of the "what if's" in the world cannot and will not change history.

But "What If"?

Bisley the Kid

# ★ BLAST FROM THE PAST! ★

With so many New CFDA Members over the years, we thought it would be fun to republish some of our favorite articles from years past. Many of you have seen Mongo and Wench along the CFDA shooting trail, but some newer members may have never gotten the chance to read about some of the adventures (or miss-adventures) of Mongo. So enjoy this throwback of “*Mongo’s Musings*” originally published in 2011.

## ~ Mongo’s Musings ~

(originally published 2011)

Howdy again all y’all! Man Wench and I are having a ball out there again this year! Hope you are too.

Recently I turned on a light in the living room and the bulb burned out. I managed to break it in the process of replacing it. I was sweeping up the remains when a friend of mine who works for the county walked in. We howdied and he asked what I was doing, so I told him. He looked at me then the floor then back at me and shouted “ARE YOU CRAZY! We gotta get out of here – NOW!” Last time I checked Mongo’s rules I could still use a manual broom and a dust pan. Next thing he said was “open the windows, turn off the AC (which we don’t have at 8000 ft), and get the cats out! Before I could even ask him what was going on he was pushing me out the door while talking on his cell phone.

After we got outside and he got off of the phone he explained to me that the broken bulb was one of the new HazMat (CFL) bulbs and the government had specific rules on how to clean up a broken one and we had just taken the first steps. I wondered how we had done that when the broken bulb along with the broom and the dust pan were on floor and we were outside. Then I heard the sirens. Ah Ha – the phone call.

Within minutes the local fire department arrived

and three men dressed like astronauts climbed out of the vehicle. Right behind them was the Sheriff’s Department. Caution tape was strung around the house, a perimeter was set up by a Sheriff’s Deputy and the Red Cross meals on wheels van arrived.

The three astronauts mumbled something through their masks to my friend who pointed to the open living room door. They all pulled out a gadget that looked like a Tricorder Spock from Startrek might carry and headed into the house.

After about 30 minutes two of them came out, went to their vehicle and came back with a fancy white plastic garbage bag that said “Hazardous Materials” on it in big red letters. They went to the front porch and carefully opened the bag. A minute later the third astronaut appeared with my broom and dust pan and dumped the contents of the dust pan into the bag. Heck, that’s what I was going to do! The three of them then hurriedly but carefully closed the bag and backed away drawing their Tricorders as they went. After a few more minutes two of the astronauts opened the back doors to the vehicle then opened the top of a massive stainless steel vessel inside. The third one then carefully placed the garbage bag inside the vessel and it was closed and sealed tight like the hatch on a submarine.

Ten minutes later all the caution tape was gone and so was everyone including my friend - except the Red Cross van. I walked over to the van and he said “guess my work here is done. Coffee before I

leave?” I said “no but how ‘bout a double scotch rocks?” He said “sorry, but you can get one down the road at the Buffalo Inn. I might have a Red Cross voucher you can use.” Then he pulled out.

...And there I stood wondering how much this was going to cost. Seems like a lot of trouble to save a few pennies a month on electricity. I’d take the rest of them CFLs out and replace them with regular bulbs – but I’m afraid I might break one.

As a public service I present the following link to the Government’s EPA website:

<http://www.epa.gov/cfl/cflcleanup.html>

Please read it for your own protection. Oh – and please don’t tell Wench. No physical damage was done this time and she has a lot on her mind right now. Thanks!

See all y’all on the line soon.

## MEMBERSHIP NEWS & ANNOUNCEMENTS

Well, Happy Holiday Season everyone!!! Happy Thanksgiving, Merry Christmas, Happy Hanukkah and Happy New Year to come. I'm so very grateful for another year ahead. I hope you all are gearing up! We'll be spending the holidays close to home like we usually do. And I love it. Having most of our family all close by is nice. I'm seriously in the mood to bake, cook and make memories with those close to us. Cookie cutters have been ordered and it's about to be on!

Just a friendly reminder, keep an eye on your expiration dates on your membership cards. If for some reason you've misplaced it, always feel free to shoot an email to me or give me a call at the office. I'd be happy to send you a replacement. There is a \$10 fee. But I can get it out for you right away. If you are preparing to compete and cannot locate your card, let me know. I'd be happy to email you your membership information to show you are current.

As you know, we are implementing a reward program for those who recruit the most members starting January 1<sup>st</sup>. There will be some great prizes for our top recruiting members. So, as always, let me know if you're in need of promotional items such as Brochures/Gazettes etc. New member applications can be printed from [www.Cowboyfastdraw.com](http://www.Cowboyfastdraw.com). Just make sure to put the name of your club and your name & Alias as well. Each application will be credited to your club (Golden Spike) and to you as a member.

In closing, as we approach the Holiday's, remember what it is that really matters...Time. Time with your kids and grandkids baking. Time with your spouse shopping for the perfect gifts. Time with your family and friends. Yes, it gets busy and hectic. Yes, there's traffic and crowds. But these are the times that mean everything. The making of the memories.

God Bless you all this upcoming year!

Sincerely,  
Jackie Daniels

### Payment, Shipping & Transfer Information

(We Only Ship To FFL Dealers)

We hold a Federal Firearms License (FFL). We only ship (usually USPS) and transfer firearms to other FFL Dealers, which costs \$35 per gun. It is up to the purchaser to choose their FFL Dealer and supply contact information when they order their firearm. CFDA will contact the FFL Dealer to obtain necessary documents. After receiving payment we will then ship the firearm to your FFL Dealer, who will then be responsible to have you fill out the appropriate forms and conduct a background check, according to Federal and your State Laws and Regulations. Please allow up to 2 weeks for CFDA to prepare your firearm for shipping.

The buyer is responsible to pay all transfer fees, background checks directly to their FFL Dealer of choice.

**All Firearm Sales Are Final.** In the unlikely event that your FFL Dealer cannot process your transfer paperwork due to a background check that did not pass. The buyer may contact our office and request a return of the firearm and a refund of the sale. The gun must be returned only by the FFL Dealer that it was originally sent to, in the original condition. A refund of the sale will be made, minus the original \$35 shipping fee and a 5% re-login/re-stocking fee.

# JOIN THE FAST GROWING SPORT OF COWBOY FAST DRAW! DEDICATED TO THE ROMANCE & LEGEND OF THE OLD WEST A FRIENDLY SPORT THAT PROMOTES FIREARM SAFETY, INTEGRITY, SPORTSMANSHIP, AND THE COWBOY WAY.

**OUR MOTTO IS: SAFETY FIRST, FUN SECOND, AND COMPETITION THIRD**

## THE GUNS

Single-action revolvers, factory chambered for .45 Colt caliber, with non-adjustable rear sights such as: SAA Colt, Colt Bisley, 1858 Remington conversions, 1875 Remington, S&W Schofield and faithful reproductions thereof, plus most Ruger Vaquero models. The external parts of the revolver must match factory stock contours and made of original type material: i.e. hammers must not be bent in any way. No trigger shoes, no mods to the trigger guard or grip frame, etc. Front sights are optional and barrels must be a minimum length of 4-1/2", except in the Shootist Category (7-1/2"). Hammer knurling may be smoothed.

## THE HOLSTERS & GUN BELTS

1800's-style Mexican Loop, Slim Jim, and California Pattern holsters or leather rawhide construction. The over the belt-style holster will be worn on the side of the leg only. No cross-draw, shoulder, buscadero, contemporary Hollywood or steel lined holsters are allowed.

## AMMUNITION

95% of ammunition used in Cowboy Fast Draw is .45 colt casings that are specially modified to accept 209 shotgun primers and no gun powder. Velocities reach about 650 fps. Only in major competitions Cowboy Fast Draw Cartridges are used, they must be loaded by CFDA approved reloaders.

## TARGETS (THREE STANDARD TARGETS)

17-3/16" Round Plate - 47" Center Height (Start Light in Center)  
24" Round Plate - 50" Center Height (Start Light in Center)  
Balloon-Disc - Rarely Used in Championship Finals - See Specs

*White lithium grease is applied to target plates, to track all wax bullet hits.*

## COMPETITION TIMERS

Digital timers must time to the thousandth of a second. Sanctioned contests must use target with impact sensors.

## SHOOTING STYLE

Most folks use a thumb-cocking method, but fanning is allowed. Trigger finger must be out of the trigger guard. If used to cock the hammer the off-hand must not be placed in front of the body before the start light comes on.

## CONTESTS

Contests are shot elimination style, best 2 out of 3, or 3 out of 5 shots per round. The standard contest is luck of the draw man vs. man elimination.

### Target Distances (Set to Balance Speed and Accuracy)

#### Championship Distances

17-3/16" Target @ 15' (OR) 24" Target @ 21'

#### Exhibition Distance

17-3/16" Target @ 11' (OR) 24" Target @ 15'

## CLOTHING

1800's period clothing is strongly recommended. Western Cowboy, Rodeo or Working Cowboy, Victorian Steam-punk clothing is acceptable. Western boots or moccasins are acceptable footwear. Western-style blue and black jeans are acceptable. Cowboy Hats for Men. No short-sleeve or t-shirts, tennis shoes, or baseball style hats are allowed.

## SAFETY

One of our primary goals is to educate as many people as possible in the safe and proper use of firearms. Even though we use wax bullet ammunition, we treat them as they were live

ammunition and observe all established range safety rules.

## SOME OF OUR GOALS

To keep our clothing & equipment such as guns and holsters true to form of the time period that we represent (1873-1899). 1873 is the year that the Colt Peacemaker was introduced.

To promote a positive public image of our sport and gun sports in general, since Cowboy Fast Draw is commonly held in public venues. To promote spirit of the American Old West and the Cowboy Way.
